

Part 1 Test- Thurs., April 14

- Properties- inverse, identity, commutative, distributive
- Evaluate expressions
- Solve inequality
- Solve/graph inequality
- Simplify expressions
- Multiply polynomials
- Divide polynomials
- Scientific notation
- Word Problems:
 - Consecutive numbers
 - Age problem
 - Digit problem
 - Coin problem

Part 2 Test Fri., April 15

- Factor
- Solve through factoring
- Linear equations:
 - Determine value of function
 - Write equations in any form with given the slope
 - Determine the intercepts
 - Write parallel or perpendicular
 - Find midpoint
- Systems
 - Classify
 - Solve using elimination or substitution
 - Graph system of inequality
- Word Problems
 - Investments
 - Solution mixtures
 - Traveling
 - Boat/airplane travel
 - Area- frame/garden
